

“PC POOL PAL™ IS MY 24/7 POOL MAN!”

# Your 24/7 Guide to Easy Pool Ownership!

Finally! An interactive, multimedia software program that provides pool owners with ONE comprehensive resource guide. The sea of paper manuals and instructions that usually comes with a new pool purchase gets filed away, lost or forgotten. PC Pool Pal™ enlivens those pages with color graphics, video tutorials, interactive water analysis, parts breakdowns and schematics, and easy, permanent access on your PC.

- ▶ A step-by-step owner's guide
- ▶ Interactive Table of Contents
- ▶ Searchable, viewable, and printable
- ▶ Over 30 minutes of video instruction on water chemistry, maintenance, and pool-care basics
- ▶ Owner's manuals with parts schematics from over 100 manufacturers for hundreds of products including filters, pumps, heaters, etc.
- ▶ Includes Pocket Pool Pal™ printed reference guide
- ▶ Eliminates pool owner worries and reduces confusion
- ▶ Provides reliable, consistent information
- ▶ Helps establish an easy chemical and maintenance routine

## TestMate 4 Pools™ Water Analysis Software

**SPECIAL BONUS!**

PC Pool Pal™ contains our exclusive TestMate 4 Pools™ Water Analysis Software designed to encourage routine professional testing and better chemical maintenance by eliminating the guesswork. TestMate 4 Pools™ analyzes water, provides chemical recommendations with brand names and active ingredients, and calculates doses based on pool size.

*“We're no longer guessing what chemicals to add or how much might work. I'm using only the products I need & saving a lot of time and money. Our pool has never looked this good and never been so easy!”*

— Marcia & Tony Geramita, pool owners for 4 years

*Why read through volumes of papers and instructions? **Get quick and easy access to exactly the information you need with a simple click of a mouse.***
